Important Information About Your Pharmacy Benefits	90dayRx applies to participating retail and/or mail service pharmacy only. Identified specialty drugs purchased through a specialty pharmacy network supplier are eligible for coverage (no coverage for specialty drugs purchased through a nonparticipating specialty pharmacy supplier). The patient will pay the difference if a brand-name drug is dispensed when a generic drug is available. The drug list uses a step therapy program. Sign in at bluecrossmn.com for more information.	

Your out-of-pocket costs depend on the network status of your provider. To check status, call Blue Cross customer service or visit bluecrossmn.com.

***Lowest out-of-pocket costs:** in-network providers

****Highest out-of-pocket costs:** out-of-network **nonparticipating** providers (You are responsible for the difference between Blue Cross' allowed amount and the amount billed by nonparticipating providers. This is in addition to any applicable deductible, copay or coinsurance. Benefit payments are calculated on Blue Cross' allowed amount, which is typically lower than the amount billed by the provider.)

Medicare Part D Creditability: Yes

Embedded deductible – The plan begins paying benefits that require cost sharing for the first family member who meets the individual deductible. The family deductible must then be met by one or more of the remaining family members and then the plan pays benefits for all covered family members.

This is only a summary. Read your benefit booklet for more information about what is and isn't covered.
